

# BID LOCATOR TOOL

The new MissouriBUYS Bid Locator Tool crawls Missouri’s public sector websites to help vendors and others locate government bid solicitations in Missouri including local, federal and political subdivision bids. Being able to locate public bid opportunities on a single website without having to search multiple sites saves time for vendors and others, and it can mean more visibility for entity bids. Buyers from local government agencies can also view other agencies’ solicitations and specifications which can be useful in preparing procurements.

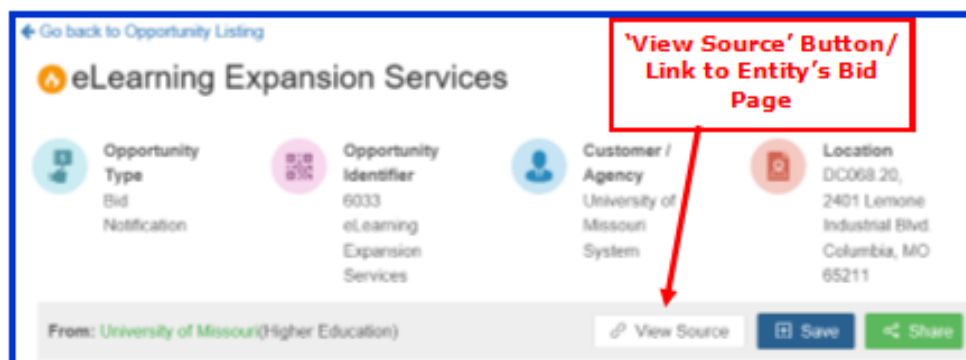

The Bid Locator Tool has numerous search fields and FILTERS that can be used to locate bid opportunities for all levels of government in Missouri. You can also set up ‘Alerts’, ‘Save’ searches and ‘Share’ bid opportunities with others. ‘Step-by-step instructions’ and ‘Frequently Asked Questions’ are available on the MissouriBUYS website (<https://missouribuys.mo.gov/business-opportunities>).

Clicking on a Bid Opportunity Title/link will open additional details about a bid. Clicking on the ‘View Source’ button/link will take you to the governmental entity’s bid page for all remaining bid details.

The screenshot shows the search results interface. Annotations include:

- Search Fields:** Points to the search input fields containing 'education' and 'Columbia, MO, USA'.
- Action Buttons (Searches):** Points to the 'Reset', 'Alert', and 'Save' buttons.
- Search Filters:** Points to the 'Filters Applied' section showing 'Bid Notification', 'Pre-Bid Notification', and 'Active'.
- Information on Features:** Points to the 'Sort: Relevance - Post Date - Due Date - Distance' options.
- Bid Opportunity Title:** Points to the title 'eLearning Expansion Services'.
- Action Buttons (Bid Opportunities):** Points to the 'Save' and 'Share' buttons for the bid.
- Entity Who Posted Bid:** Points to the text 'From: University of Missouri (Higher Education)'.

The screenshot shows the details for the bid 'eLearning Expansion Services'. An annotation points to the 'View Source' button, which is described as the 'View Source' Button/Link to Entity's Bid Page.

Opportunity Type	Opportunity Identifier	Customer / Agency	Location
Bid Notification	6033 eLearning Expansion Services	University of Missouri System	DC068.20, 2401 Lemone Industrial Blvd, Columbia, MO 65211

From: University of Missouri(Higher Education)

The MissouriBUYS Bid Locator Tool is powered by the InstantMarkets application and is part of MissouriBUYS, the state’s eProcurement solution. There is no charge to vendors or Missouri government entities for the tool.
