Prestigious Product Spotlight

Ozark Mountain Creamery, LLC

Mountain Grove, MO

Located in Wright County, MO, Ozark Mountain Creamery has been owned and operated by the Fry family since 2010, along with the family dairy, established in 1957. Ozark Mountain Creamery products are fresh, wholesome and naturally produced. Their milk comes from the family dairy where they also grow a majority of what is fed to their cows.

All Ozark Mountain Creamery milk is pasteurized using a low-temperature vat pasteurization process. This ensures the bad bacteria are eliminated, yet preserves more of the natural attributes of the milk than higher temperature methods. There are very few processors utilizing vat pasteurization, only two in Missouri.

After milking the cows, the milk is processed and bottled into returnable, recyclable glass bottles within 48 hours. Ozark Mountain Creamery is the only glass bottler utilizing vat pasteurization in the state! By placing a deposit for a bottle and returning it to the store to exchange for the next bottle, only the plastic cap ends up in a landfill. Once returned empty to the store, and ultimately to their warehouse, they wash, sanitize and reuse the bottles, greatly reducing the amount of waste that comes from the product.

To reach Ozark Mountain Creamery, feel free to call (417) 926-3276 or visit ozarkmtncreamery.com

Conversation with Kehoe

"As 2019 comes to a close, it is appropriate and right to reflect on the many blessings of the past year, while also looking forward to what the New Year will bring.

I am grateful that small businesses are thriving, providing jobs and supporting communities across the state. Thank you to all of the Buy Missouri members who drive Missouri's economy. I look forward to working with each of you and hope for 2020 to be your best year yet."

Michael Kehoe
