Prestigious Product Spotlight

Karuna Beverages
St. Louis, MO

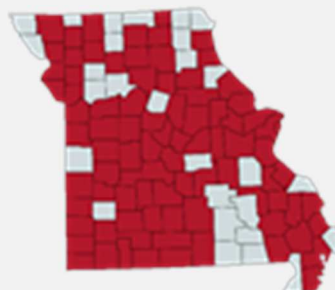

Karuna Beverages, located in St. Louis, was founded by Angela Zeng. Angela was inspired to create plant based drinks after struggling with the lack of plant food found in our highly processed food diets. Karuna Beverages' product line includes whole plant juices, synergy coffee blends, recovery juices, and whole plant smoothies. Each beverage works to restore health through whole plant based ingredients which are chosen for their functional benefits.

Recently, Angela donated over 100 cases of her products to those impacted by the winter storm in Texas – making Buy Missouri and the State of Missouri incredibly proud.

Conversation with Kehoe

"We recently announced our plan for Buy Missouri Day at the Capitol in April. We have decided it is best to host this event virtually. Although I am optimistic the environment would allow for an in-person event, we would rather be safe and work on planning a fantastic in-person event for 2022. We have come up with neat ways to involve members and hope you will find it beneficial. Please keep an eye out for future emails regarding Buy Missouri Day if you would like to participate.

I would like to extend a warm welcome to all of our new members. Missouri's economy is successful in large part to your contributions. We look forward to learning more about your businesses and can't wait to get back out on the road to visit you soon."
